DAILY NEVADA STATE JOURNAL.

VOL. 7. RENO, WASHOE COUNTY, NEVADA, SATURDAY MORNING, APRIL 28, 1877. NO. 21.

A LONG BRANCH MANSION.—The most superb place in Long Branch is the private residence of Mr. John Hoey, which has become celebrated all over the country. Mr. Hoey has about one hundred and sixty acres. The greatest display is to be found in the grounds, statuary and hot-houses, in all of which the owner has shown remarkably good taste. The grounds are beautifully graded with slate, which is ground into small particles above New York City, and brought by rail to Long Branch. About the grounds are about thirty pieces of statuary. The greenhouses are very extensive. We passed through one of twelve sections of seventy five feet each, one just being erected four hundred feet by thirty. In these houses there is the greatest floral display, probably, in the country. There is one specimen of the Latinica Borbodica, a native of China, which is said to have cost $800. One of the greenhouses was brought from the Vienna Exhibition in 1873, and cost $8,000. The greenhouses altogether are said to have cost $30,000, and the plants $10,000. They are lighted with gas at night and present a most enchanting appearance. In the Summer season all these plants are brought out and occupy the ground in front of the mansion—a space of about four thousand yards, and number some two million plants. About twenty-five men are employed constantly during the Winter season and about fifty during the Summer.—*Trenton (N. J.) Gazette.*

OATMEAL.—Great Britain children of all ranks are raised on oatmeal diet alone, because it causes them to grow strong and beautiful, and no better food can possibly be found for them. It is also quite as desirable for the student as for the laborer, for the delicate lady and her hard working sister; indeed, all classes would be greatly benefitted by its use, and dyspepsia, with all its manifold annoyances, can be kept at a distance. Oatmeal is more substantial food, it is said, than veal, pork or lamb, giving as much or more mental vigor, while its great desideratum consists in one's not becoming weary of it, for it is as welcome for breakfast or tea as is wheat or graham bread. It can be eaten with syrup and butter as hasty pudding, or with cream and sugar like rice. It is especially good for young mothers, upon whose nervous sources too great a demand has been made, and they lose the equilibrium of the system and become depressed and dispirited. Oatmeal requires to be cooked slowly, and the water should be boiling hot when it is stirred in.

A SAN FRANCISCO warrior, Major-General Vernon, has been dismissed from the California Rifle Association and sued for $7 50. The case, as stated by Vernon and as corroborated by others, is this: On the 29th of July 1876, a dinner was given by the California Rifle Association to the Australian Rifle Team, at which Vernon considered himself an invited guest. Some time afterwards a bill was sent to him for $7 50, being his share of the expenses as claimed by the association. He has ever since refused to pay said sum hence the suit and expulsion. It is claimed that all general officers of the N. G. C. are ex-officio honorary directors of the association. Vernon avers that the suit is instigated by Brigadier-General John McComb, who desires to get even on him because he did not side with him in his quarrel with Colonel Wasson.

THE MORMON TEMPLE.—There being a number of photographs in Pioche of the "Mormon Temple at St. George," many have been anxious to know the size of the building to judge if it will be suitable for a court-house when that portion of Utah Territory is annexed to the State of Nevada. For their benefit we give its dimensions: The length is 141 feet 8 inches; width, 93 feet 4 inches; hight, 84 feet from the grade of ground to the parapet. The tower is 31 feet square and 138 feet to the top of the vane. The depth of the foundation is ten feet, being twelve feet wide; so it can be seen that this really will answer every purpose for a first-class court-house, as it is perfectly built in all its parts. There will be no plastering falling down and cracking, as was the case in the Pioche court-house.—*Pioche Record.*

COST OF RECENT WARS.—The wars of this century have been the most bloody and costly since the palmy days of Rome and Greece. For its ten great bloody periods, namely, the Napoleonic, Grecian, Crimean, Italian, Danish, Austrian (1866), Brazillian, American, Abyssinian, and Franco German wars—leaving out minor expeditions and skirmishes—the figures foot up 38,967,600,000 expended, and 1,908,600 men destroyed from 1800 to 1871. Two-thirds of this aggregate outlay of men and money are to be charged on the ledger to Napoleon I up to his closing battle fought at Waterloo.

The New York *Tribune* and *Times* have both started correspondents to the scene of the conflict in Europe.

SATURDAY..... APRIL 28 1877

THE news from Tybo is encouraging, and the mines are panning out well.

JUDGE SPOFFORD has been elected to the United States Senate from Louisiana.

GOOD work is being done at the Belmont, El Dorado South, Jefferson and Barcelona mines

MRS. SARAH DAVIS, who has shaken hands with every President of the United States, called on President Hayes yesterday.

RED CLOUD and Spotted Tail agencies, which for some time have been in charge of the military, will soon be turned over to the civil authorities.

SENATOR MORTON will at the next session of Congress urge the passage of his bill to change the mode of electing a President and Vice-President

THE Republican members of the Louisiana Legislature Tuesday issued an address to Governor Packard, upholding his title to the gubernatorial chair, but advising him to refrain from further asserting his right thereto

TREE PLANTING is going on to a greater extent in Nebraska than any other State. Mr L Downing at Lowell has planted 6,000 trees on his reservation claim—3,000 cottonwood and 3,000 box-elder. Others have also planted extensively Kearny county will plant at least 500,000 forrest trees this Spring, and quite a number of fruit trees.

IN the course of a debate in the German Parliament Tuesday, Von Moltke is reported to have said that despite the general desire for peace, the time was rapidly approaching when every Government must strain its energies to preserve its existence: that France was far ahead of Germany in preparation for war, and that large masses of French troops were now between Paris and the German frontier.

TO THE COLORADO —The Southern Pacific Railroad reached the Colorado River, seven miles below Fort Yuma at noon on the 22nd. About one week's work will be required at this point, when the road will be built north and a bridge thrown across at Yuma. Regular trains will commence running on Monday next, passengers and freight crossing the river by ferry, thence by vehicles to Yuma. Telegraphic communication will be made by the Atlantic and Pacific to-day.

THE trial of the Chico incendiaries was ended Tuesday and resulted in the conviction of five of them and the acquittal of one. Promptly yesterday the convicted five were brought up for sentence and given the full extent of the law. Jones, ringleader was given twenty years, in the State prison. Two were given ten years each, and two others five years. We trust this result will enable the Eastern press to form a different opinion of our power to maintain law and order.

THE United States Supreme Court has made a decision of interest to bankers, in a case between the First National Bank of Washington vs Whitman. In this case it was held that the payer of a check which has not been accepted by the bank upon which it is drawn cannot maintain an action upon it against the bank. Payment to a stranger upon an unauthorized indorsement does not operate as an acceptance of a check so as to authorize an action by the real owner to recover its amount, as upon an accepted check.

THE New York *World* says Max Strakosch has engaged Clara Louise Kellogg for a season of fifty representations in New Orleans and on the Pacific coast, for which she is to receive thirty thousand dollars in gold. The prima donna will be supported by Annie Louise Carey, Tom Karl (tenor,) Signor Verde (baritone,) Mr. Conley (basso,) and B. Behrens, musical director. The company will leave New York in August, and open September 10th in San Francisco. Miss Kellogg has never been to the Pacific coast, and the company will give operas never before sung.

GORHAM'S OPINION.

The following report of an interview with Secretary of the Senate Gorham appeared in the Carson *Appeal* yesterday morning.

Geo. C. Gorham arrived here yesterday from the East with Mrs. Gorham and his two children. In conversation with the editor of this paper he expressed himself very strongly in opposition to the action of the President in Louisiana affairs. He says the election of Packard was as clear as that of the Hayes Electors in that State and the bogus Nicholls Government was and is an insurrection against the legitimate State Government He maintains that the oath of Mr. Hayes to defend the Constitution was an oath to aid in the suppression of that insurrection upon a formal call by the Louisiana Legislature, which was duly made. He contends that the President would have as much right to refuse the United States troops for suppressing an insurrection against the Government of the United States as to refuse to use them to aid in suppressing domestic violence against a State Government. The obligation to furnish protection to a State Government against insurrection, when constitutionally called for, as in the case of Louisiana, is imposed by the Constitution of the United States, which positively forbids the President from leaving a State and an insurrection to fight it out between themselves. In reply to an inquiry as to what course he thought Republicans should pursue, Mr Gorham said he thought they ought to stand by the party organization, and bid their time for asserting the principles of the party. For his own part; he would not consent to any expression by the party in California of approval of either of the President's acts or his intentions, but would be willing, for the sake of harmony, to consent that no expression of dissent should be made. He believes that the Republicans can carry California against the Democracy if they do not attempt to indorse the President's extraordinary course, but predicts that they will be beaten if they do. Mr. Gorham will leave for San Francisco on Sunday evening."

ONLY A TRIFLE —That is only a trifling matter which is in dispute between Dresback & Bain, of Davisville, and Friedlander, says the *Bee*. Only the small matter of 15,000 tons of wheat. That wheat is now worth about $120,000 more than it was when it passed from the hands of the Davisville house to those of the house of Friedlander. But even heavy operators will dispute over trifles, and why should Dresback & Bain prove an exception?

A MEMBER of the Ohio Assembly has introduced a bill disqualifying for jury duty all persons over 65 years of age. His argument is that men are either stupid or deaf after they turn that point of life.

THE rowdies of Oakland, Ind., to the number of twenty, went on a spree together. After getting drunk, they went to a church in which a revival meeting was in progress and drove out the congregation. They then took possession of a graveyard, built bonfires on the graves and broke down the tombstones to dance on. The respectable citizens rallied under the leadership of a sheriff, and arrested the sacrilegious revelers.

THE average man loses his head in a panic. He becomes crazed by the presence of danger, and resorts to expedients which we should laugh at if we were not compelled to shudder at them. The St. Louis fire only adds another illustration of this sad fact, One man leaped from a four story window, and landed a shapeless mass in the street. Another made a rope out of his bed sheets, and slipped down only to dangle at its end, at least seventy-five feet from the ground.

GOV. HAMPTON has been twice married and is a widower. He has had three children—two sons and a daughter. His eldest son, Preston Hampton, was killed at Gettysburg, and the second, Wade, Jr., lives in Washington county, Miss. His daughter, Margaret, is the wife of Col. John Hascall, of South Carolina.

HAS Wendell Phillips turned into a Democrat or have the Democrats turned into Wendell Phillipses? Most of the Democratic papers republish Phillips' abuses of the President, his Cabinet and policy, and comment upon it in eulogistic terms—and cordially endorse the sentiments

THERE are in Colorado over fifty peaks which rise more than 14,000 feet above the sea level. Blanca Peak, in that State, the elevation of which was determined last year by Hayden's survey, is probably the highest point within the limit of the United States, being 14,464 feet above the level of the sea.

MRS. STONEWALL JACKSON has been offered, by an enterprising paper, $100 a column for a series of incidents in her husband's domestic life. Thousands of women would write incidents for half that pay.

DEPRESSION IN SEATS —In no way is the present stagnation in stock matters more manifest than in the depreciation in value of seats in the San Francisco Board. Two years ago just before the increase of membership to one hundred, seats in the board were quoted as high as $50,000. Later on, a number of seats were sold at from $35,000 to $40,000 —we believe Maurice Schmitt and one or two other members having paid the latter sum. During the past year the average has been from $30,000 to $35,000. Since the present depression of stocks, however, and the general dullness in the brokerage business, the quotations are much less. A gentleman of means of our acquaintance, who has been looking around with a view to embarking in business as a broker, told us yesterday that he had been offered a seat in the board for $22,500. He is holding off, however, believing that he will yet secure the prize for $20,000 or even less.—*Stock Exchange*

BIG FISH.—We were shown yesterday at Sisson Wallace & Co.'s store a very large trout, said to have been the Largest that has been caught in the mountains. It weighed 19 pounds, and was as pretty and plump a fish as one could wish to look at. This diminutive monster was caught by Mr. Thomas Helm. He experienced some difficulty in briging it in. It is one of those large speckled river trout, unlike those generally caught in the smaller streams and lakes in the mountains. The price asked was 20 cents per pound, and no difficulty was encountered in retailing it at those figures.—*Truckee Republican.*

AN independent little Canadian schoolmarm snubbed one of her big scholars who tried to make love to her, and because he retaliated by disturbing the school, she gave him a sound flogging His parents sued her, and recovered $3 50 damages The next day the girl opened school by saying: "I have whipped a booby soundly, which pleasure cost me $3 50. Now, if any others of my scholars desire to imitate him, they will have the kindness to step forward, receive the money and we will go on with our studies. I am here to instruct you, and not to be courted." She retains the school, and is the most popular girl in town.

THE town of Bordeaux is in a difficulty with regard to a fine statute of Louis XVI which it possesses. This statute was executed and paid for by subscription under the Restoration, but, owing to swift political changes, has been hidden away until now, when there is an agitation on foot to set it up in one of the public places. This is scarcely deemed safe, however, and it is believed that the wiser counsel will prevail of simply giving it a place in the town museum, where it may be regarded as a work of art, without regard to its political signification.

THIS is the way they collect old debts in Monkden, China: The creditor, cast the debtor's father, age seventy, into prison. The son had no money, the father had much. The jailors tied the old man, hand and foot in stocks, to a post two feet high, so that he could neither sit nor lie down, and kept him there several days. The process did not wrench a penny out of the old miser. They then cramped his foot into place between his manacled hands and left him one night. On the next morning they found a corpse in the stocks.

THE Louisville *Courier-Journal* gives these fashion hints: For grass-widows, lawn; for elderly women, moire antique; for Democratic belles, anytaing but rep; for women inclined to baldness, mohair; for women with poodles, muslin; for shipper's wives, alpaca; for the Misses Never-ready, delaine; for sailors' wives, serve; for dairy women, calico; for soldiers' wives, bombazine; for debtors' wives, ticking; for women with profane husbands, kerses; for careless servants, crash; for Mrs. Sitting Bull, whoopskirts.

SEVENTY FIVE trains an hour pass Clapham Junction, about four miles from London, during the business part of the day, while taking the whole twenty-four hours, 912 pass. Thirteen lines there converge, and the Southwestern railroad alone has 35 sets of points and 30 signals worked from one signal box, from which four distinct sets of traffic are controlled.

IT is not true that Carl Schurz was the first foreign born citizen who ever held a Cabinet position. Alexander Hamilton, Secretary of the Treasury under Washington, was born in Nevis, one of the West India islands, and Albert Gallatin, Secretary of the Treasury under Jefferson, was born in Geneva, Switzerland.

SAN DIEGO Indians met at Ballena to elect Generals for the ensuing two years, subject to re election if they conduct themselves properly. Imitating the election practices of the pale-faces, many of them got very drunk and strife waxen warm around the red man's camp.

A PENNSYLVANIA woman who went to Kansas a few years ago writes back that she has done as well as could be expected, under the circumstances. She has had three husbands, two pairs of twins and the ague.

THE Prince of Wales and the Duke of Cambridge are now the only Field-Marshals in the British army.

Justice Court.

Yesterday John Roberts was fined $21—costs—for assaulting a frail sister.

Scott Pruyn, arrested on a charge of vagrancy, was allowed to deposit $20 as bond money, and go his way.

Fire Alarm.

About 9 o'clock last night an alarm of fire was sounded and the fire boys promptly responded. The cause of the alarm was soon discovered to be in "Mother" Beck's house. A defective stove pipe caused the roof to catch fire. It was discovered early, luckily, and put out with a few pockets of water. Damage slight.

Assessing.

Assessor Pich and his deputies are assessing gradually—taking things moderate for a while, owing to the scarcity of money. When times liven they will set to work in genuine earnest. In the meantime they will continue to assess personal property and collect a few poll taxes.

WM. H. BARNES, editor of the *Heel and Hoof*, who gave such a pleasing address in the hall dedication day and entertained the dancers in the evening with a few specimens of his vocal power, will give a musical concert next Tuesday evening, assisted by Prof. Alexander. We hope all will attend the treat.

THE elegance of the dresses worn by the ladies at the ball the other evening was a common remark yesterday. Our Jenkins gave up the task of attempting to do the ladies justice and put away his pencil and paper and helped entertain them.

YESTERDAY Tom Hymers was surprised at seeing a brother, accompanied by his family, step up to him. This brother had just arrived from the East and Tom has not since he was thirteen — how long ago our friends can guess.

IT is astonishing what a crowd can be gathered in an instant at the tap of a fire bell. Last night not a dozen men were visible before the alarm was sounded, but immediately after the streets were full—to say nothing of the boot-blacks, boxes and all.

THE second sociable by the ladies of the Epicopal Church took place last evening at the residence of B. F. Leete. It was an enjoyable occasion.

AT 1:30 this afternoon I will sell without reserve all the plants and flowers I have on hand, near the Commercial Exchange.

THOS. O'BRIEN.

A FULL attendance of the members of the Riverside Club is desired to-night at a meeting to be held in the Depot Hotel.

OUR "Glendale Gleanings" are crowded out this morning. The article will appear to-morrow.

A BLOCKADE on the U. P. reminds us that the C. P. has not had a blockade of importance because of the weather this Winter.
